ED TO BE GATHERING

CRISIS APPROACHING

British Subjects Realizing Danger Pre-
pare for Any Emergency, Many of
Them Hastening to Coast.

Vera Cruz, Mexico, May 15.—Cred-
ible private advices from Mexico City
report that the federal army has
retreated from the capital, and that
the city is now in the hands of the
Zapata forces. No details of the fighting
were given, but the incident was re-
garded as an important development
by the authorities here.

Word has reached here to-day of the
approach of a critical moment in
the interior. It is stated, however,
that the federal army has been
gathering in the concentration district
in the foreign residential quarters of
Mexico City, where it was determined
long ago they would protect them-
selves against whatever arose.

More British nationals are reported
arriving by every train, while others
are hastening toward the coast. They
are amply supplied with arms and
ammunition. Apparently the feeling
is general among all foreigners that
the next few days will see a tumult
of revolt in the capital. The move-
ment into the district was
planned to occur only when the situ-
ation became critical, and the adop-
tion of a method of self protection
was thought an absolute necessity.
General Velasco, who was defeated
at Torreon with heavy loss, and was
self wounded, has been ordered out
of the capital to assume the military
governorship of San Luis Potosi.

is Significant.

Many here regard the appointment
as significant, since the rumors have
become current, that General
Velasco is deeply involved in a mili-
tary plot against Huerta. Velasco
has not yet recovered from the
wounds he sustained and friends say
he is in no condition to assume com-
mand.

Mexican newspaper men here have
been listed as traitors in a semi-offi-
cial document sent from Mexico City.
All those who remained after the oc-
cupation are accused of "selling their
pens to Fletcher, the invader." In-
formation is made that the federal gov-
ernment will drastically deal with
them, when it gets control of Vera
Cruz.

Photographer Released.

A. J. Sutton, a Washington news-
paper photographer, has been re-
leased by the Mexicans after im-
prisonment at Cordoba, Vera Cruz, to
which he was subjected to a severe
cross examination in order to make
him confess he was a spy, is to ar-
rive here today on the refugee train.

The release of Mr. Sutton, who was
first taken into custody with other
newspaper men in Mexico City, on
May 4, was affected by agents of the
British consul, who induced Mr. Sut-
ton to promise that he would leave
immediately.

A party of forty Americans and
eighty Mexican refugees, who reached
here from the capital today, reported
that conditions had not undergone any
material change.

Position of Gunboats.

Washington, May 15.—Admiral Bad-
ger reported that the Mexican federal
gunboats, Zaragoza and Bravo, and
the tug Tampico, which left Tampico
yesterday, followed by American gun-
boats and two destroyers, were ex-
pected to reach Puerto Mexico, early
tomorrow. He also reported that the
gunboat Vera Cruz has been aban-
doned in the Panuco river.

English Safe.

London, Eng., May 15.—Lord Cow-
dray's manager at Vera Cruz, cabled
as follows: "Reports from Tampico
state that the British families and
other British subjects who have
sought shelter on board the ships,
have now returned to their homes on
shore. The town is quiet. It is re-
ported that the federal troops are re-
treating to San Luis Potosi."

Top, camp of Funston's troopers near Vera Cruz; bottom, troopers en route to the camp.

While the A B C mediators are endeavoring to arrange a peace plan acceptable to the United States, the soldiers of the army of Uncle Sam are going about making preparations for the war which they think inevitable. General Funston in command of the Fifth brigade is stretching his lines further away from Vera Cruz. Considerable of his command is now encamped about fifteen miles from that city.

IMPORTANT MEETING TO NIGHT.

Information has been received
today which makes necessary im-
mediate action on the factory
proposition which is under consid-

YOUTH KILLS THREE NEAR Ironton, OHIO

Harley Beard, Aged 18, Confesses to
Triple Murder in Chicago To-
day and Is Placed Under
Arrest.

[BY ASSOCIATED PRESS.]

Ironton, Ohio, May 15.—Mrs. De-
nis Massie, her son, Robert, and
daughter, Mary, were murdered last
night at their country home at Greasy
Bridge, this county, twenty-five miles
from Ironton. The bodies were
found today. The mother was sev-
enty-five years old. The son and
daughter were both past forty-five,
and had prominent connections in this
city. Miss Mary Massie was found
in the kitchen of the house with her
throat cut. Robert was found in the
back yard, with his head battered in.
The mother was found in the front
yard with her throat cut and her
skull crushed in.

Arested in Chicago.

Chicago, Ill., May 15.—Harley
Beard, aged eighteen years, was ar-
rested here this afternoon after con-
fessing to the murder of three per-
sons on a farm near Ironton, Ohio,
yesterday. With perfect calmness,
Beard, in the presence of detectives,
told how he first struck the victims
on the head with a stick of wood and
then finished the work with a razor.

SEEK TO LIMIT ENTRY OF FOREIGN COTTON; FEAR PINK BOLL WORM

[SPECIAL TO THE GAZETTE.]

Washington, May 15.—Proposed
measures to limit the entry and man-
ufacture of foreign lint cotton in the
northern states were considered at
public hearings at the Department of
Agriculture today. Departmental ex-
perts declare that these measures are
necessary by reason of danger of intro-
duction of the pink boll worm, one of
the most serious pests known. Hawaii
already is infested with the worm, and
consequently cotton from this territory
will be excluded. It is also proposed
to prohibit shipment of this foreign
lint cotton from the northern states to
the southern cotton mills. Experts
declare that the inconvenience to
manufacturers is insignificant com-
pared to the evil that would be
wrought should the worm once es-
tablish itself in the southern cotton
regions. The insect is found in India,
the Straits Settlements, Burma, Cey-
lon, German East Africa and Egypt.
It has reduced the yield in Egypt,
as much as 50 per cent at times. Es-
timates place 2,500 bales as the pos-
sible number which would be barred
from southern mills under the pro-
posed quarantine, but the department
believes this loss can easily be made
up with special grades of southern
cotton.

DECLINES TO SERVE ON RESERVE BOARD

Chas. A. Wheeler of Chicago Refuses
Position Under Currency Plan.
—Two Places Now Open.
[BY ASSOCIATED PRESS.]

Washington, May 15.—Harry A.
Wheeler of Chicago, vice president of
the Continental Trust company, has
declined a membership on the federal
reserve board. President Wilson has
received a letter from him expressing
his regret that he is unable to accept
the appointment recently offered him
because of business connections he
cannot sever.

The president now has two places
to fill on the board. Dr. Adolph C.
Miller and San Francisco, Paul M.
Warburg of New York City and W.
P. G. Harding of Birmingham, Ala-
bama, have all accepted. Besides se-
lecting two more men, the president
must designate one of them as gov-
ernor, and another as vice governor.

He is again canvassing the list of
one hundred fifty names which was
before him when he made his first
choice. He is now anxious to select
someone from the middle west, either
Chicago or St. Louis, and also some-
one from New England, to preserve
governmental balance.

CROSS EXAMINATION IN THE MURDER CASE

Harry Vallon Admits Testimony on
Murder in Parts Was False.
—Defense Scores Point.

[BY ASSOCIATED PRESS.]

New York, N. Y., May 15.—Harry
Vallon, fellow conspirator with "Bald
Jack" Rose and others in the plot
which resulted in the murder of Her-
man Rosenthal, for which Charles
Becker is being tried for the second
time, underwent the ordeal of cross
examination today. He admitted he
had lied on many occasions in respect
to the murder, but swore his story
leading up to the crime was correct
in the essential details.

The counsel for the defense fired
question after question in an endeavor
to show that his testimony connecting
Becker with the conspiracy was false.

RATTON FACTORY IS VISITED BY A MOB

Sympathizers Get Out 1,000 Strong
and Threaten to Do Much Dam-
age.—Militia May Be
Called.

[BY ASSOCIATED PRESS.]

Wakefield, Mass., May 15.—A mob
of strike sympathizers, numbering
more than one thousand men and
women, mostly foreigners, made a
riotous demonstration today in the
vicinity of the ratton factory of the
Heywood Brothers & Wakefield Com-
pany, where a strike has been in
progress for several weeks. Factory
windows were broken and electric
wires were held up and searched for
loyal workers and strike breakers,
many of whom were assaulted. The
police had difficulty in handling the
crowds, and Chief of Police Pillard
said unless order was restored the
militia would be called out.

INCENDIARY FIRE WAS NEARLY FATAL TO TWO

[BY ASSOCIATED PRESS.]

Fond du Lac, May 15.—Mr. and
Mrs. Charles Stephens were forced
to flee in their night clothes when a
fire started by an incendiary badly
damaged their home. The fire had
been started in three parts of their
home, and the occupants were forced
to climb to the roof of the veranda,
from where their rescue by firemen
was made. The loss is said to be
about \$2,000, which was covered
by insurance.

DECLARES MAAS HAS DISOBEYED ORDERS OF GENERAL HUERTA

E. De Morelos, Mexican, Vouches
That Americans Were Kept
From Landing at Vera Cruz.

[BY ASSOCIATED PRESS.]

San Francisco, Cal., May 15.—That
Provisional President Huerta has
issued specific orders to General Maas,
commander of the Mexicans in Vera
Cruz, to offer no opposition to the
landing of Americans there, and that
those orders were disobeyed by Gen-
eral Maas on his own responsibility,
is a statement vouched for today by
E. De Morelos, a Mexican architect,
on his arrival here from Vera Cruz,
P. D. Harding of Birmingham, Ala-
bama, New Orleans.

"I had confidential information,"
said De Morelos, "that Huerta and
General Blanquet, minister of war,
had decided that Maas not to re-
sist the American occupation, but to
retract with his men to the hills. I
talked with General Maas on the
evening of April 20, and he told me
that the orders he had received had
not been countermanded, but I am
going to resist, notwithstanding."

On receiving news from the landing
of General Fletcher's marines, Maas
precipitately fled at word of o'clock
on April 21, leaving sword, flag, de-
corations and personal effects at his re-
sidence.

After Maas' flight, his daughter, Sen-
ora Rodriguez, wife of a Spanish sen-
ator of Vera Cruz, went. De Morelos
said, to the French consul and begged
him to recover her father's
sword, flag, decorations, which
the consul did.

TWO MILITANTS GET SIX MONTHS' TERMS

"General" Flora Drummond and Mrs.
Dacre-Fox Sentenced for Break-
ing Peace.

[BY ASSOCIATED PRESS.]

London, England, May 15.—Sen-
tences of six months' imprisonment
each were pronounced today for
"General" Mrs. Flora Drummond and
Mrs. Dacre-Fox, the militant suffrag-
ettes. The leaders were charged with
breaching the peace by compelling the
doorkeepers of the residences of Sir
Edward Carson and Lord Lansdowne
yesterday.

The accused women refused to give
bond to keep the peace for six
months. They turned court proceed-
ings into a fight by interrupting the
questioning and jeering at the magis-
trate while he was pronouncing the
sentence.

When ordered to the cells, they be-
came so violent that it was necessary
to call in a policeman to remove them
from the prisoners' enclosure. They
were dragged out of court screaming
and crying.

ARBITRATION ON CANAL TOLLS QUESTION HAS BEEN ADVOCATED BY MCLEAN

[BY ASSOCIATED PRESS.]

Washington, May 15.—Arbitration
of the Panama toll question was ad-
vocated today in the senate by Senator
McLean, republican, of Connecticut.
The senator said that the toll ques-
tion had been a subject of discussion
for many years, and that it was im-
possible to settle it by negotiation.
He predicted: "The pretty little bird
of peace the United States has been
talking about will be known to the
world as a raven instead of a dove."
He said that the toll question was
one of the most important which we
have come to Panama, to appear in
both money and morals," said Mc-
Clean. "I want it to mark the hour
of a civil victory in ethics as well as
in politics. Not that we shall
hesitate to exercise our right as a
sovereign or abate in the least our vi-
gilance in the protection of our mate-
rial interests. I want this great work,
this great gift, to be completed in his-
tory, when the world will all and
to lead the world in the right direc-
tion."

POLICE ARE SEEKING CAUCASIAN MILLIONAIRE.

[SPECIAL TO THE GAZETTE.]

Warsaw, May 15.—Police through-
out Russia are searching for a
Caucasian millionaire named Shna-
zaroff, who fled from this city after
attempting to murder a beautiful
young girl named Sofia Sec, whom
he had engaged as his private secre-
tary. The girl was found in a hotel
here, and hearing feeble cries, the
servants entered and found the girl
imprisoned in a wardrobe. She was
suffering from the effects of poison,
and later in the hospital told her
pitiful story.

After persuading her to accompany
him as his secretary to his estate at
Susa, the millionaire revealed his
real intention and kept her prisoner
for a month, intercepting her
letters and balking her attempts at
flight. Finally he brought her to
Warsaw, where she determined to
inform the police. Her betrayer,
however, persuaded her to renounce
her complaint for the sum of \$50,000.
Instead of paying the money he put
poison in her tea, and after locking
her up in wardrobe decamped.

DETROIT EXPLOSION KILLS TWO WORKMEN

Skilled Mechanics in Rubber Com-
pany's Plant Meet Horrible
Death.—Three Badly
Hurt.

[BY ASSOCIATED PRESS.]

Detroit, Mich., May 15.—Ten men
were killed and three were terribly
injured in an explosion today which
blew up the plant of the Mexican
Crown Rubber company. There were
about twenty-five employees in the
plant. Eleven survivors have been
accounted for. Gasoline is believed to
have been responsible for the explo-
sion. Most of the victims were skilled
mechanics. One body was blown
through the building. Three others
were burned beyond recognition.
Three men were removed to a hospi-
tal, and physicians say they do not
expect these will survive. Dozens of
windows in the nearby buildings
were shattered.

There were several reports as to
the cause of the explosion, but sev-
eral said that a vat containing a large
quantity of molten rubber had ex-
ploded. Officials of the company de-
clined to make a statement until they
had conducted an investigation.

The plant, a one-story building of
concrete, was almost obliterated.
Flying chunks of substance riddled
adjoining buildings, and concrete
blocks, weighing pounds, were found
more than two blocks from the scene
of the explosion.

The factory of the Commerce Motor
company, about a hundred feet
from the rubber concern, was badly
damaged. Nobody in the building
was seriously hurt.

The explosion was witnessed by
scores of pedestrians. Later, there
were many narrow escapes. One man
told the police he heard a roar, when
the factory seemed to split into three
large pieces, two of which "melted
away." The third, he said, "high-
jumped" into the air, broke into thousands
of pieces, and went whizzing in every di-
rection.

The building was considered fire-
proof, and the firemen presented the
possibility of a conflagration.

None of the first fire bodies re-
moved from the smoking debris were
identified before being taken to the
mortuary.

It was made known this afternoon
that ten men were killed and three
more thought to be fatally injured
as the result of the explosion. The
direct cause of the explosion will
probably never be known.

At first it was thought to have been
caused by gasoline, but later it was
said to have been sulphuric acid. The
coroner said that the latter opinion
was his belief, and that he based his
opinion on that of others acquainted
with the process of rubber manu-
facture. He said that the sulphuric
acid was used in the plant. It was be-
lieved the explosion occurred in the
department where the molten rubber
was being prepared. There were sev-
eral workmen in this department, but
as far as could be learned this after-
noon, none were left to tell the story.

Officials refused to give any state-
ment, and gave their attention to sar-
ing for the dead and injured.

THREE KILLED WHEN TRAIN STRIKES AUTO

Entire Auto Party Meet Death When
Machine Runs Into Railroad
Train at Kauffman,
Illinois.

[BY ASSOCIATED PRESS.]

St. Louis, Mo., May 15.—Three per-
sons were killed at Kauffman, Illinois,
today, when an automobile in which
they were riding was struck by a
west bound train on the Toledo, St.
Louis & Western Railway. The num-
bers of the crew and the automobile
man ran into the train. The dead
all lived at Marine, Illinois.

The grade crossing at Kauffman is
near an embankment. Persons living
in the town say they saw an auto-
mobile near a crossing at Kauffman
driver was looking for a train, and
then it started on again.

Mr. Stuckwisch, the owner of the
automobile, was a bookkeeper in a
mill at Marine. He was with his
brother-in-law, had started
for an all day ride to Jacksonville,
Illinois, where his wife's father lived.

SANTA ROSA'S ANNUAL ROSE FESTIVAL HELD; CHILDREN TAKE PART.

[SPECIAL TO THE GAZETTE.]

Santa Rosa, May 15.—Santa Rosa
is holding its annual juvenile rose
carnival here today in Grace's park,
which is the site of the new city
theater. Over the sports there pre-
sided a tiny king and queen, each with
an attendant retinue of small boys and
girls. The parade, in which were
scores of decorated empires, was
one of the features. The flower
dancers also were like scenes from
fairytale. The grand finale late in
the afternoon was to be the battle of
roses between the whites and the
reds, in which hundreds of children
will take part.

NEW MARRIAGE RULES MAKE OFFICIAL POPULAR.

[SPECIAL TO THE GAZETTE.]

St. Petersburg, May 15.—The new
director of Posts and Telegraphs has
suddenly become the most popular
official in Russia among the women
folk. When he took office, he was
bombarded with protests against the
long standing regulation which
forbade women clerks to marry out-
side of the service or to select
their husbands from a different grade
of service than that in which they
themselves were employed. He has
now not only abrogated this rule but
has cancelled a similar official
"recommendation" that male clerks
should observe the same restrictions.

traveled 3,362 miles from San Diego,
California, on a motorcycle, in eleven
days, eleven hours and ten minutes.
Baker's route carried him through
Arizona, New Mexico, Kansas, Mis-
souri, Indiana, Ohio, Pennsylvania
and New York states. His longest
day's run was from Greensburg,

CONVICT SCHAEFFER ON A LESSER COUNT

Jury Deliberates Five Hours to Find
Milwaukee Doctor Guilty of
Manslaughter.

[BY ASSOCIATED PRESS.]

Milwaukee, Wis., May 15.—"We,
the jury, find Doctor Frank X. Schaeffer
guilty of manslaughter on the
matter informed and charged in the
information."

This verdict was reached by the
jury trying Doctor Schaeffer for the
death of Mrs. Rose Dietrich, after five
hours' deliberation, and was read in
the municipal court this morning by
the clerk, Walter Wilde. Schaeffer's
face blanched when the verdict was
read.

The usual motion for a new trial
was made, and E. A. Mock, attorney
for Schaeffer, moved that he be granted
a new trial. In the event that a
new trial is denied, the case will be
carried to the supreme court.

"They have convicted me on what
happened after I left Milwaukee,"
declared Schaeffer. "That is why I
say 'God save the king.' Nowhere
in Great Britain could a man be tried
for any offense committed somewhere
else. I am innocent."

BARES LOBBY EVIL OF TEN YEARS AGO

Student's Thesis Reveals Startling
Facts as to Huge Expenditures
of Madison Lobbyists.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., May 15.—A glimpse
into the lavish system of lobbying at
Madison before regulatory laws
forced more publicity into it is af-
forded in a senior thesis written by
William J. Goldschmidt, U. W. '12,
now a Milwaukee attorney. Under
the title, "The Legislative Lobby in
Wisconsin since 1901," he goes ex-
haustively into the expense of the
system.

The enormous totals of lobbying
expenses are no more surprising than
individual bills, such as "rooms and
board at Park hotel, \$1,038.69," for
a single legislative session, which
the author says typifies "the extrava-
gance with which the lobbyist lived
in Madison during a session of the
older days."

Mr. Goldschmidt's conclusions are
drawn from sworn expense statements
of lobbyists and interests represented
on file at the secretary of state de-
partment. These records, he says, al-
though very incomplete for the ses-
sions preceding that of 1905, show
the system of maintaining representa-
tion by private interests in the legis-
lative sessions are enormous. The
recorded figures show the following
expenditures have been made at the
various sessions since that of 1899:
1899, \$28,000; 1903, \$10,000; 1905,
\$40,000; 1907, \$75,000; 1909, \$40,000;
1911, \$60,000.

Mr. Goldschmidt says that in the
light of the statement of Governor La
Follette, who said that lobbyists were
maintained at the capitol since 1899
had cost the people of Wisconsin mil-
lions of dollars, it is apparent that
the figures for the years 1901 and
1903, when lobbying was a recognized
institution at the capitol, are very in-
complete and do not tell a true story.

The thesis cites some typical large
expenditures. The Northwestern
Mutual Life Insurance company
spent \$9,255.77, one firm of Milwau-
kee attorneys being paid a fee of \$6,
774 during that session. In 1903 the
railroad lobby spent \$4,381.16, of
which sum the railroad lobby alone
paid \$3,226.63. M. C. Ring's expense ac-
count as representative of the Chicago
& Northwestern Railway company
was \$2,000, of which \$1,125 was for
1901. Par hotel expense and \$1,600 for
salary. In 1907 the life insurance
companies got away with \$26,000, of
which the Northwestern Mutual dis-
bursed \$12,000. Of a total lobby ex-
penditure of \$38,000 in 1909, brewers con-
tributed \$8,000.

GOVERNMENT LIFE INSURANCE IN ITALY.

[SPECIAL TO THE GAZETTE.]

Rome, May 15.—Italy's govern-
mental monopoly of life insurance,
created at the instance of the social-
ists in parliament, has just completed
its first year of business. Although
Italian government employees can
only be required to work seven hours
a day, the new department of life
insurance has done such an immense
business that the entire personnel
has now been working 10 hours a
day. Sundays included, for seven
months and with no immediate pros-
pects of being able to go back to the
seven-hour day. Over \$220,000,000
worth of business has been done
during the year, including that taken
over at the beginning from 21 private
companies which the government
monopoly put out of business.

South American Envoys Pay Pres-

fore Leaving for Niag-

[BY ASSOCIATED PRESS.]

Washington, Bulletin, May 15.—
The opening of the mediation congress
of the South American mediators in
the Mexican controversy, at Niagara
Falls, Ontario, was today reported
postponed until Wednesday, May 20.
The state department announced that
sessions were originally scheduled to
begin Monday, May 18.

The delay was arranged for at the
request of the Brazilian ambassador,
Mr. Da Gama, in order that the Mexi-
can delegates to the conference
might not be unduly hurried in their
trip to Niagara Falls. The Mexican
delegation will reach Washington
shortly after noon tomorrow, and will
be given an ample opportunity, by
the postponement, to spend some time
in Washington getting in touch with
the situation there before proceeding
to the formal negotiations.

Visit the President.

The three South American envoys,
upon whom rests the hope of a peace-
ful solution of the Mexican imbroglio,
today paid a formal visit to the presi-
dent Wilson, before their depar-
ture for Niagara Falls, Ontario, to
begin peace negotiations.

All the cerephonials of formal dip-
lomacy of the three South American medi-
ators, Ambassador Da Gama of Brazil,
Minister Naon of Argentina, and Mr.
Suarez of Chile. They were attired
in the conventional frock coat and
silk hat of formal dress. They went
to the White House in an automobile,
accompanied by Secretary of State
Bryan.

Hope for Success.

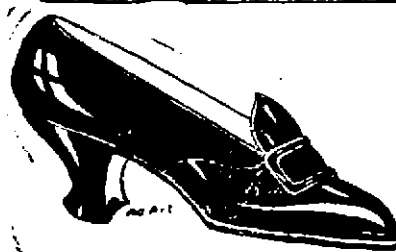

The president stood in the Blue
Room with his military and naval
aides, attired in full dress uniform,
and greeted the envoys. He wished
them success in their mission of
peace, and expressed the hope that
when they returned to Washington
they will have found the solution of
the Mexican problem which has been
confronting the United States gov-
ernment for three years.

Although it is customary for the
ambassadors and ministers, on leaving
the United States for long absences,
to say goodbye to the president,
there were no such formal farewells
in the little scene in the Blue
Room today. The three envoys will
disrobe themselves of their official
connection with the American govern-
ment, and set out on an impartial
capacity on neutral soil.

Next Move Awaited.

While two of the South American
envoys were on their way to Niagara
Falls, a third, who will complete ar-
rangements for peace negotiations,
and with the third mediator and the
American commission preparing to
leave Washington tomorrow, immedi-
ate interest in the Mexican situation
remains. The constitutionalist gov-
ernment of the president, the port

paign against Saltillo and San Luis

NERVOUSNESS DISPELLED

Strong, Steady Nerves the Result of a Few Chiropractic Adjustments.

What a strain is on one to be subjected to nervous trouble! The slightest sound causes untold anguish, the nerves are out of order and "jumpy" and the slightest provocation and nothing seems pleasant.

This nervous trouble is caused by spinal subluxations, that is, the small spinal bones become deranged and pressing on the spinal nerves shut off the nerve force and put the nervous system into an abnormal condition. Chiropractic removes this trouble by removing the cause, correcting the subluxation.

If you are bothered with nervous trouble call and see me at once. Come to my office and let me tell you more about what Chiropractic can do for you.

GIFTS TO COLLEGE MEET DISAPPROVAL OF JOHNSON HEIRS

Will of Late Caroline W. Johnson of Beloit Vigorously Contested in County Court.

Vigorously contesting the will of the late Caroline W. Johnson of Beloit, by which virtually her entire estate, valued at about \$10,000, is bequeathed to St. Augustine's college at Rock Island, Ill., three of Mrs. Johnson's nieces seek to have the document laid aside on the grounds that undue influence was exerted on the college by the college to deprive them of property which they claimed as justly theirs. The hearing on the matter was held before Judge C. L. Elford today in the county court. Several other more witnesses were called to the witness stand at the proceedings today and were closely questioned by the attorneys in the case. Attorney Owen Riffard and Justice D. B. Clark appeared for the three nieces, Ellen Anderson and Anna Schetz of Jefferson county, Iowa, and Augusta Bassett of Chicago, while H. W. Adams, C. L. Ross of Beloit and Nelson of Rockford, residuary legatees for the Rock Island institution, had the case for the bequest. Witnesses were excluded from the court room during the course of the examination so that the testimony was heard in private. At the time of Mrs. Johnson's death it was supposed that she left practically no property and many of her friends were surprised to learn that she was possessed of an estate valued at about \$10,000, the bulk of which she had bequeathed to the Rock Island school which prepares young men for the ministry in the Swedish Lutheran church. It is alleged by Mrs. Johnson's nieces that undue influence was brought to bear upon her by the college, and that among them Rev. Benjamin of Rock Island.

Among the witnesses today were Martin P. Sampson of Beloit, appointed special administrator; the Rev. J. E. Evans, pastor of the Beloit Episcopal church; Dr. Benjamin Fosse, Maudie Bennett, Miss Jernberg, Mrs. Jernberg and Maggie Hall, neighbors of Mrs. Johnson at her home in Beloit.

MEN OF 1950 YOUNG AT AGE OF HUNDRED

Bloomington, Ill., Doctor Forecasts Passing of Medical Fraternity in Coming Years.

The physician of today is to pass. The future will see "biological engineers" whose ability and energy will be directed to the production of perfect human beings.

This prediction was made yesterday by Dr. W. E. Neuberger of Bloomington, Ill., before the Illinois Homeopathic Medical Association in Chicago. Dr. Neuberger's subject was "A Medical Forecast," and according to his declaration his horoscope covers a period 200 years from now.

The world is rapidly approaching socialism and paternalism, he said. "The state is assuming more and more responsibility which once rested on the individual human being. This is so evident in the field of medicine, and even now in Germany doctors are paid by the government. The time is comparatively not far distant when the medical profession of this country will come under direct control of the state and paid employees of the government will look to the public health."

Science will grow universal and society's mental and physical weakness will become extinct. The physician will be primarily a "biological engineer" and teacher, as the means. He will devote his time to the breeding of perfect human beings. He will be the efficiency expert in the mating of man and woman and the subsequent rearing of children. The time is rapidly approaching when the physician will not only cure disease, but will prevent it.

Dr. E. S. Bailey of Chicago declared that mortality statistics show that the average of human life of persons born in 1900 will be 100 years. "Fifty years ago the average length of human life was thirty-five years," said Dr. Bailey. "Today, due to the growth of knowledge in the field of medicine, the average is fifty years, and statistics show that in 1924 it will be sixty-five and in 1950 human beings will be young at 100."

POSTOFFICE DEPARTMENT TO CO-OPERATE TO PREVENT FIRES

The postoffice department has just reported, in the current postal guide supplement, the instructions through which rural carriers are to report forest fires to the proper authorities during the coming season. These instructions were first issued in May, 1912, and during the past two years the co-operation has resulted in the detection and suppression of many fires.

State and federal forest officers will make a special effort this year to get even more value out of the service than has been obtained heretofore. The usual procedure has been for the state fire wardens or federal forest officers to send to the postmasters lists of local wardens and telephone numbers. These lists are given to the carriers with instructions to report forest fires to men whose names appear thereon or to other responsible persons. This year a special effort will be made to follow up the sending out of the lists by having the postmen and wardens meet the carriers personally and to take the initiative in arranging such meetings, and also to map out a plan of action to be followed.

Co-operation between the rural carriers and the federal forest officers will be effective in the twenty states in which national forests exist and with state forest officers in the twenty states which have established their own fire protective systems. It is expected that the services of the carriers will be particularly valuable in helping to protect the new national forest areas in the southern Appalachians.

JOHN DALTON'S WHISTLE NOW WARDEN'S INSTRUMENT AT HIGH STREET CROSSING

Chicago with its traffic policemen and their shrill whistles has nothing on Janesville, not since John Dalton, warden and special police officer at the high street crossing has begun to carry a whistle in addition to his heavy cane. During the rush hours at the St. Paul depot John is on the job and the warden's whistle of his new wind instrument is sufficient to make the careless take notice. John still finds his cane of value, however, and when the rush is over swings it to the time of the jig which he may condescend to step off for a few of the station stragglers.

CLARIDA RESIDENCE DAMAGED BY FLAMES

Children Nearly Overcome by Smoke of Fire Starting From Defective Flue.

Severe damage was caused by fire to the dwelling of William Clarida, 215 Fremont street at nine o'clock last evening the kitchen and dining room being gutted by the flames and household furniture in the other rooms damaged by smoke. The family had retired before the flames started from a defective flue in the chimney and had not Mrs. Clarida awakened before the fire spread to the front of the house serious results would have been suffered. The smoke penetrated the sleeping rooms by way of the latter and the children were nearly overcome when rescued by the neighbors. A still alarm brought the department to the dwelling and the blaze was extinguished with the chemical hose from the motor truck and Chief Klehr's car. The rock was set and the flames spread dangerously to the upright of the two rear rooms before being checked. The damage is estimated at \$150.

COUNCIL WILL ACT ON ANNUAL REPORT

Miss Agnes C. Anderson Visiting Nurse Makes Annual Report of Work to Commission.

The annual report of Miss Agnes C. Anderson, visiting nurse, was received by City Clerk Hammarlund and will be brought before this council for approval at the adjourned meeting this afternoon. The report emphasizes the need of a visiting nurse and the benefits that have been derived from the faithful work of Miss Anderson in Janesville.

From April 15th 1913 until the same date of this year there were a total of 119 new cases, twenty one of which were tuberculosis brought under the care of the visiting nurse. The total number of calls for the entire year numbered 1,355 and 1,850 children were examined in the city public and parochial schools. Thirty-six patients were dismissed as recovered, fifteen improved, ten were dismissed for others care, twelve died and thirty-two cases still remain under her care. Indigent cases were taken to the hospital, ten for operations, and two for medical treatment. Three patients were fitted with glasses.

PUPILS CONTRIBUTE TO SCHOOL EXHIBIT

Eight District Schools in County Send Funds to Aid Wisconsin Educational Display.

Rock county rural school children are eager to contribute their share toward a fund which will provide for a monster Wisconsin educational exhibit at the Panama-Pacific exposition in 1915. Already \$5.50 has been received from eight schools by Superintendent Antisdel and others will be heard from before the spring term closes. Not content with giving a piece which was all that was requested in the appeal sent out by the state committee, the schools thus far responding have averaged five cents per pupil.

PANAMA AN AID TO MEXICO.

When war, or war talk, in connection with the distracted republic of Mexico shall have passed away, the Panama Canal will loom up as one of Mexico's best friends. As it joins the oceans, so will the big ditch also restore Mexico and the United States to their friendship of older and better days.

When Mexico again turns to the arts of peace, she will find the Panama Canal serving her. Her bountiful but neglected west coast will come to the front, and products will go through the canal, and supplies from the world will go direct to Salina Cruz and other west coast ports without passing over the long and expensive overland routes.

But Mexico's interest in the Panama Canal is just one little part of the story. Just think what this job of awesome immensity means to the world.

A very interesting and absolutely reliable book has been written by Uncle Sam's big engineering feat. The book is "The Panama Canal" and the author is Frederick J. Haskin, author of "The American Government," Governor Goethals endorses it personally. The Gazette thinks every one of its readers should have a copy of this book. Not only that, this big book, illustrated, printed on good paper and cloth bound, will sell for a short time for only FIFTY CENTS. Come around and see the book for yourselves. Save the coupons to be found on this paper day by day, and bring them along.

ENTERTAIN AT RECEPTION FOR NEW CHURCH MEMBERS

A reception was tendered the new members of the Congregational church at the parlors of the church last evening. A short program was given and the pastor, Dr. Kidder, spoke briefly and after which a social hour was passed and light refreshments served. The program follows: Piano solo, Grace Murphy; song, Cora Smith; guitar, Marion Fletcher; violin solo, Ruth Souham.

Confer Degrees Tonight: Rock River Encampment No. 3, I. O. O. F., will confer degrees on five Lake Geneva candidates at the east side lodge rooms this evening. Visitors are expected from Lake Geneva, Grandville, Milton and Delavan. A large attendance of local Odd Fellows is requested.

LIFE OF BECKER HANGS ON NEW TRIAL JUST BEGUN; BOTH SIDES CONFIDENT

Top, W. Bourke Cockran (left) and Charles Becker. Bottom, Herman Rosenthal (left) and District Attorney Whitman.

The last act in the drama of Herman Rosenthal's death and Charles Becker's fight for life against the law, which demands his execution as penalty for the murder on July 16, 1912, opened in New York city May 6 with the beginning of Becker's second trial. District Attorney Whitman is prosecuting the case, while W. Bourke Cockran, one of the greatest lawyers and orators in the country, is the principal attorney for the defense. Both sides are confident.

TWENTY YOUNGSTERS TO ENTER CONTEST

Children From Four Townships Will Compete in Old-Fashioned Spelling Down.

A score of children from four townships, Rock, La Prairie, Harmony and Janesville, will compete in an old-fashioned spelling down contest at the court house at last night's 8 o'clock tomorrow morning. Ten or twelve cases will be represented by their very best spellers and the competition promises to be extremely spirited. Not the big law-breakers, but the more common, every-day words will be submitted to the children by Superintendent C. E. Antisdel, who will be in charge. This will be one of the preliminary contests to the county event which will be held here at the time of the district school graduation exercises in June. A contest will be held at District No. 2, Johnston tonight and similar events will be held shortly at Shokiere for the town of Turtle, at District No. 2, Center, and District No. 3, Porter. The town of Milton contest is set for May 22. The winners of the county will represent the county at the state convention.

WILSON-MADDO WEDDING ANNOUNCED BY UNCLE OF DR. JUDD

Warren S. Young, an uncle of Dr. W. H. Judd and Mrs. Charles Stevens of this city, had charge of sending out the announcement of the wedding of Miss Eleanor Wilson and Mr. McAdoo last week. Mr. Young, who is one of President Wilson's secretaries, is one of the oldest of the White House employees, having held a position at the executive mansion since Hayes' administration. He has visited Janesville several times and has met many Janesville residents. The following paragraph is taken from the society column of a recent issue of the Washington Herald:

"The promptness with which the announcements of the wedding of Miss Eleanor Wilson and Mr. McAdoo were sent out did words of credit to Warren S. Young, through whose hands have passed not only the announcements for the last three White House weddings, but for hundreds of the most important events which have taken place there in more than thirty years. Young has boarded the bride and bridegroom, had before the special car in Maryland, the announcements were at the door of every embassy and legation, supreme court building, White House, and other in the official world, while to distant friends, they were so mailed that they reached their destination only a few hours after the ceremony."

HARRY STEWART MARRIED ELMA OTTO THURSDAY IN PRETTY WEDDING

Harry Stewart and Miss Elma Otto were married at 8:30 last evening at the home of the groom's mother, Mrs. James Stewart, 1002 West Pluff street, in the presence of immediate relatives and friends, the Rev. T. D. Williams, pastor of Carroll Methodist church, officiating. After the ceremony the wedding party was served. The groom is employed by the Rock County Telephone company and the young couple will make Janesville their home. They will reside at 203 South Academy street.

OTTO BERGER GIVEN A THIRTY DAY TERM

Otto Berger was the only drunk to be arraigned before Judge Maxfield in the municipal court this morning. On Berger's plea of guilty he was sentenced to thirty days in the county jail, in default of a fine of twenty-five dollars and costs.

James Burdick and Lever Hutton, two transients, were sentenced from the Beloit court yesterday afternoon to serve ten days in the county jail on the charge of being drunk and disorderly. This morning they were put to work trimming the grass around the jail and will be paroled out on Saturday.

ED WALSH IS NOT WHAT HE ONCE WAS

Ed Walsh.

Ed Walsh, former iron man of the Chicago White Sox, evidently is no longer "there."

Ed was tried out by the Sox against the Pittsburgh Pirates in an exhibition game the other day. A triple, double, safe bunt and two singles were made off him in the first inning before a man had been retired.

The Pirates found him for a total of eleven hits.

Rabat Rugs and Carpets.

The best carpets are made at Rabat and have some similarity in appearance to Smyrna rugs, but in the former the wool and warp are of a much looser composition and of a somewhat lighter body. The predominant color of Rabat rugs is red and the patterns are sometimes ingeniously geometrical, but the colors, although frequently exhibiting beautiful blends, are often of a more hectic cast than is pleasing to the most exacting European taste.

We Live Too Fast for Diaries.

"When the inner history of the crisis is told by the private diaries of today," remarks the "Observer," in reference to the rather amusing political situation of the moment. Well, we stop there with the query: Is there a private diary? Is there a man in this hurried age who goes home and sits down, tired with action, faces the splendid industry of the diary, and makes it up?—London Chronicle.

Amusements AT MYERS THEATRE

GAZETTE COUPON ADMITS CHILD TO MYERS

School Boys and Girls May See "The Rise and Fall of Napoleon." A saving of 15 cents.

In today's issue of The Gazette is printed a coupon that when presented with ten cents, entitles any school boy or girl in Janesville to witness the educational moving picture production of "The Rise and Fall of Napoleon" at the Myers at any performance on Saturday.

Ordinarily twenty-five cents admission is charged to see the great feature reels, but to acquaint the children with the life of one of the greatest generals that ever lived, the special price with the Gazette coupon is made.

The film itself is as accurate a reproduction of the life of Bonaparte as could be possibly obtained. Two years were consumed in making the eight reels and 2,000 actors were employed in the work. Many of the film parts were taken at the exact spot where Napoleon died. The yodeler made passed over by Napoleon and his troops more than a century ago. In reproducing the disastrous retreat from Moscow, the camera men and the actors trod over the ice covered Russian plains where many years ago

the scattered followers of the little general made their painful way. In this part of the film the famous battle of Moscow is elaborately depicted. Several other famous battles are also shown.

In the early part of the film, the costly court of the predecessors of Napoleon are shown. Such pathetic scenes as Josephine parting from her warrior husband when he divorced her and of Napoleon going into exile on the island of St. Helena, are elaborately displayed.

Many sidelights on the life of the French leader that are not widely known among the historical students are shown in the film production. One instance where Napoleon fooled the Governor of the island by making him think he was about to escape, shows the pleasant side of the soldiers nature.

THE APOLLO.

Four big acts are being played at the Apollo for the last part of this week, giving the audiences a taste of clean comedy and good music, both instrumental and vocal.

The DeVachi Four present a high class entertainment of vocal and instrumental selections. The two young ladies have excellent voices and the men both play well on their respective instruments. The yodeler made passed over by Napoleon and his troops more than a century ago. In reproducing the disastrous retreat from Moscow, the camera men and the actors trod over the ice covered Russian plains where many years ago

markable. Joe Hardman got a laugh the first time and kept it up. He demanded and received good applause. Lester and Hines give a good singing and talking act.

WHITEWATER

Whitewater, May 14.—The annual district contest of southern Wisconsin will be held tomorrow evening at the Whitewater normal assembly room. The boys' oratorical contest will occur at 8:30 p. m. and the girls' declamatory contest at 8:00 p. m. After the evening contest a reception will be given by the faculties of the city and normal schools to all who attend the contest. Each speaker in this contest has won in two former contests so something unusually fine in the way of speaking is expected. Addresses were given by W. F.

Dockery and C. F. Spray at the meeting of the Monday club last evening when the year's program was closed. The topic was, "Cable Sam As a Policeman for the Western Hemisphere."

Real Lace From Human Hair. They are making lace from human hair now. No, it is not for trimming dresses with, but is used for the partings of wigs. It is made by hand, and the knots are held by a solution of wax, otherwise they would unravel. When this lace is used it takes an almost microscope examination to detect that the wig is not natural.

THE QUESTION OF LAW.

"The Irish question has drifted into a place which has long been foreseen. It has ceased almost to be a question of the government of a province. It has merged itself into the larger question of the maintenance of law and order throughout the empire," says the Christian Science Monitor. "Any one who attends a meeting of women suffragists, any one who lingers at the Marble Arch and listens to the addresses of the mob orators, any one who learns what is being said in what are termed the centers of sedition in India, must be aware that the justification for half the wild words spoken in these places is the attitude which is being adopted by Sir Edward Carson and the Ulster council on the one hand, and the extraordinary legislation of the British government on the other."

"The position of the Liberal government has, of course, been a peculiarly difficult one. Hoping against hope, they have permitted the snowball, which commenced with a handful thrown at Winston Churchill in Belfast two or three years ago, to gradually grow into the army of Ulster volunteers composed of 150,000 armed and drilled men, with all its auxiliary departments. It is the duty of the government, declares the principal exponent of law and order in the British press, to enforce the law. If Sir Edward Carson and the Ulster council have been, for two and a half years, breaking the law, it is the weakness of the government which has permitted it, and the responsibility must rest upon their shoulders. The supporters of the government must, a little differently, it is true, urge that Sir Edward and his fellow Unionists have systematically broken the law for years, but they have been permitted to do so for reasons of policy. Had any attempt been made to coerce them in the earlier stages of the agitation, all hope of home rule by consent would have evaporated. It may, as events have turned out, have been a mistake to look the other way so persistently, but the effort has been made in a sincere attempt to promote peace."

"Never, perhaps, in the history of the country, has the policy of justice by expediency received a ruder shock. The government which had permitted Sir Edward Carson openly to challenge them, in his character as a privy councillor, with a plot for promoting a massacre in Ireland, did not hesitate to fill the London parks with troops during a strike, or to pass the 'cat and mouse' act for the prevention of militant disorder. Now, there is no need to blame the government particularly for adopting the common methods of all governments; nor is there any need to conclude that a Unionist government, faced by a similar condition of things in Waterford, would have behaved vastly differently. What is desirable to point out is that it is impossible to defect from the law of principle without paying the penalty. It is quite true that pursuing a blind

GENERAL GRANT'S SON AND YOUNG WIFE BACK IN U. S.; HIS FAMILY UNRECONCILED

Mrs. Ulysses S. Grant (a new picture).

Colonel Roosevelt insists that he will not be placed in the same list as "Doc" Cook or any other explorer who was not believed on his return from a hitherto unexplored country. He has found a new river and that settles it. Why he even has a bottle of the water that flows in that river to prove it. "Doc" Cook made a mistake that he did not bring back a piece of the North Pole when "he found it."

When the American forces attacked Vera Cruz they met their most stubborn resistance from the cadets at the naval academy. The young dandies of the Mexican aristocracy. There boys, they faced the guns of the fleet with their revolvers and rifles and though killed by the shells of the cannon of the fleet they held their ground and died like heroes.

With Tampico in the hands of the rebels, Vera Cruz in the hands of the United States, the coast cities on the western coast falling one by one before the savage onslaughts of the constitutionalists, it would appear that Huerta had a pretty slim chance of even escaping from the country, let alone a successful war against his many enemies.

Chicago is waging war on the "gun-toter." Pretty soon it will be time to start a crusade against the fool who rocks the boat as well. The chap who "did not know it was loaded" and all the other silly, addlepated individuals who endanger life and limb through lack of brains.

For the first time in the history of the First ward of Chicago there has been a political clean-up week. The result may be satisfactory to the people generally, but "Bathhouse John" and "Hinky Dink" do not appreciate the efforts of the reformers one bit.

Another banner wheat crop is assured and the next thing we will hear is that labor is so scarce it can not be harvested to advantage. Labor is now a drug on the market, yet when it comes to real, genuine work it is as scarce as hens' teeth.

Colonel Roosevelt is already to enter politics as soon as he arrives in the United States. He has conquered South America and now he is willing to again appear in the limelight of the political calendar.

There promises to be a full crop of June brides this year as usual. The sweet girl graduates and the June brides come along together with the month of roses.

Having established a summer White House in Washington, President Wilson should have the idea patented so that it can be known as his own now and forever.

Labor-saving devices are all well and good but Sicily does not appreciate having an earthquake come along and shake the lemons off its trees.

This is the first time in the history of modern warfare that an interna-

tional crisis has received a college education. Gold lace and embroidery can be cleaned with powdered burnt alum, applied with a soft brush and wiped off with a soft cloth.

It is to be hoped that the Colorado miners' strike will not interfere with the rocky road motion crop this year.

MARTHA WASHINGTON CLUB FLOURISHES IN TRANSVAAL

American women living in Johannesburg, South Africa, have a flourishing club called The Martha Washington. They discovered that the site of the first mission of the American board to that region, and also the grave of Mrs. Alexander Erving Wilson, the wife of the first missionary and the first white woman to die in the Transvaal, have been completely obliterated by the cultivation of the land and by the building operations. So the club has put on the wall of the railway station near where the mission stood, a bronze tablet with an inscription, prepared by J. G. Gubbins, a local historian.

FACTORS OF PROFITABLENESS IN FARMING.

1. Low real estate prices.
2. Farm products of classes deficient in supply.
3. Magnitude of the farm business, measured either by land farmed or amount of labor required.
4. High quality in products.
5. Reputation of the producer: Applies especially to the production of pure-bred breeding stock.
6. Advantageous marketing.
7. Productiveness of animals kept.
8. Large yield with relatively little labor and fertilizer.
9. Low cost of production (involves good farm organization).
10. Stability of profit depends on the staple character of the products.—Bulletin, U. S. Department of Agriculture.

Remarkable Fountain.
The city of Vienna possesses what is perhaps the most remarkable electric, or electrically lighted, fountain in existence. It is situated in the Schwarzenbergplatz. Underneath the fountain, in a huge cemented chamber, are placed 27 reflecting lamps, capable of producing several different luminous and colored effects. The light is transmitted through the waters of the fountain. The light power of the plant is estimated as equal to 30,000,000 candles.

Wireless Operation.
Wireless messages are sent much more easily at night than in the daytime and in winter than in summer, and the range under favorable conditions at midnight during midwinter is said to be several hundred per cent better than at noon in midsummer.

Commander Regnault of the French
navy in an address to an association of
civil engineers calculated that the
force developed in the heart of a large
cannon firing a 500 kilogram projectile
with a muzzle velocity of 900 inches a
second is equivalent to 25,000,000
horsepower. That of a field gun firing
a projectile weighing about seven kilo-
grams with a muzzle velocity of 500

PRESENTER OF TOKEN ELECTED BY SENIORS

Victor Hemming of 1914 Graduating
Class Will Deliver Address at
Commencement in
June.

At a special meeting of the senior,
1914, graduating class, held at the
Janesville high school, yesterday af-
ternoon, Victor Hemming was chosen
as the speaker to offer the annual
class token to the high school next
month. The class have not decided
on a definite present as yet, but it is
expected that next week a decision
will be reached. The class will de-
cide on one of two presents which
they have picked.

So far three of the seniors know
definitely what they will do for gradu-
ation. Bessie Buell has been selected
May queen, Lorene Bowerman will
write the song, and Victor Hemming
is to present the token. Many impor-
tant addresses, including the class his-
tory, etc., remain to be picked.

**MUST COLLECT \$6,000
AT TAX SALE TUESDAY**

It will be necessary to collect some
\$6,000 at the county tax sale next
Tuesday at the county treasurer's
office, a sum somewhat larger than
usual according to Mr. Livermore.
While the number of pieces of prop-
erty for sale is small, probably be about
the same, the fact that the tax rates
all over the county was much larger
this year accounts for the increase in
the amount to be collected. There
has been a steady stream of persons
to the treasurer's office seeking to
pay their taxes at the last moment,
before the sale, and not a few will
make their settlements tomorrow and
Friday.

**INDISCRIMINATE USE OF
HOUSEWIVES' NAMES CAUSE
OF TROUBLE FOR AGENTS**

Chief of Police Champion has re-
ceived numerous complaints from
many housewives throughout the city
within the past two days that agents
selling a patent cover for a gas stove
have been using their names as being
purchasers who were entirely satis-
fied with the contrivance. They have
been subjected to frequent telephone
calls from prospective buyers, and
doubtless in many cases the article
has been sold on this representation.
The matter is being investigated by
the police. Inquiry at the gas office
reveals the fact similar contrivances
were sold here two years ago from
which there was numerous complaints
by those purchasing them. It is said
they might be suitable for stoves us-
ing natural but not manufactured gas.

ROLLINGHAM'S CIGAR

By ELLIOTT WALKER.

"Smoke a cigar with me, old man." Harder's cordial voice arrested Rollingham as the latter's easy step mounted to the piazza.

"Ah!" the response sounded a bit startled. "Is that you, Ralph? A dark evening this. I did not see you at all. I was going to my room."

"Pshaw! It's early yet, Arden." Harder's chair creaked in the shadow. "Sit down. Here is a seat. Be sociable and have a smoke. A small weed, but high in grade." "Thanks, yours are always good stuff. Well, I imagine my bed can wait. Your wife, I suppose, is getting her beauty sleep." Rollingham settled comfortably, striking a match.

"Maybe. She was half napping in the parlor a while ago, trying to make up her mind to light up and read. As there is no lamp burning, I guess my lady has retired."

Arden chatted merrily, with a raised voice, and at last threw away his stub. The coal glowed in the grass below, twinkling at him cheerfully.

"Have another," invited Harder. "Say, now, I'm not half through. Rollingham. These country boarding houses with three or four guests, where they don't encourage indoor smoking are something of a nuisance. If I can't prevail upon you to stay longer, I'm for taking a walk, in spite of the darkness. I know the road like a book, and I'll sleep more soundly for a tramp to the red bridge."

"It will take you an hour," said Rollingham carelessly. "I'll be dreaming when you creep in."

"I'll bet you will be," Harder chuckled jovially.

He watched the duped husband stalk down the path. Sneering with an amused snicker, his fingers sought the closed door. He passed inside, whistling very softly.

"Is it you, Arden?" The endearing, cautious whisper brought his pulses to a quick throbbing.

"Yes, Laurel, my love. Where are you?"

"Here in the big chair. Come and kneel by me. I heard through the blinds. How fine to get rid of him."

"Isn't it? A whole hour, Laurel. It's only ten o'clock. We must be careful, though."

The minutes chased away a quarter hour. They did not hear the slight creak of the door, the stealthy foot steps. Only, when the aggravated mutter, a few yards away.

Arden's hand went over the woman's mouth for silence. He arose from his knees stiffly, silently, just as the small pocket electric lamp flashed a bright gleam in front of its groping owner.

"Steady! Keep quiet, Ralph?" Rollingham's voice was tense and controlled. Few situations found him unprepared.

"Gracious!" Harder jumped. "Why, what's the matter? I thought you found asleep. Laurel, too. Really, now, I think you folks ought to have a light, hadn't you?"

He laughed embarrassedly, not angrily, and coughed.

"I would have had one in another moment," the words came solemnly. "Carefully bring that lamp a bit nearer." "He was looking Harder in the eye. "Ralph, my friend, I hope it's nothing serious, but your wife hasn't moved or spoken since I came in answer to her peculiar cry—not more than a minute ago."

"For goodness sake!" gasped Harder, starting. "Arden, look! Something has hurt her—bitten her. Those crimson spots, her cheeks, brow, hands, even her lips. And it's on you, too. Your mouth is all smeared—your face. Mercy on us!"

The flashing gleam played over the pale, disfigured features of the horrified pair.

"I was writing with red ink," stammered the guilty lover. "I—"

"Red ink!" sneered Harder, bursting into a hoarse laugh. "You despicable liar. I deal in chemicals and dye stuffs. You smoked a dyed cigar. What that preparation, tasteless, so offensive with the slightest moisture, proved a fine detective. It was made for your deceitful lips, and for here. What now, fools?"

The woman shrank speechless save for sobbing. The man glided backward with a spitting curse.

"Wait!" snarled Harder, drawing a shining revolver. "You snake of the bloody maw. Wife, poor, foolish, thoughtless dupe, tell me the truth. Is this creature, shivering there, worth a husband's bullet?"

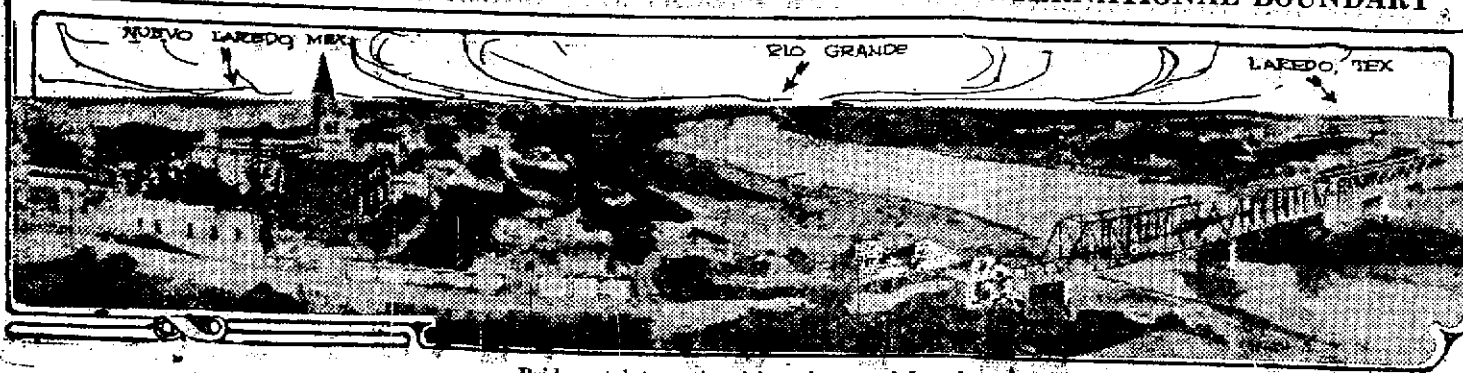

"No, no," cried Laurel in a passion of tears. "Believe me, Ralph, in the name of my mother—not that." Harder lowered his weapon.

"Rollingham," he said sternly. "Tomorrow morning will not find you here. Go! Carry your stain with you. I will have to wear off. I alone possess the secret formula for its removal. I'll take care of my wife. Go!"

A Puzzle.

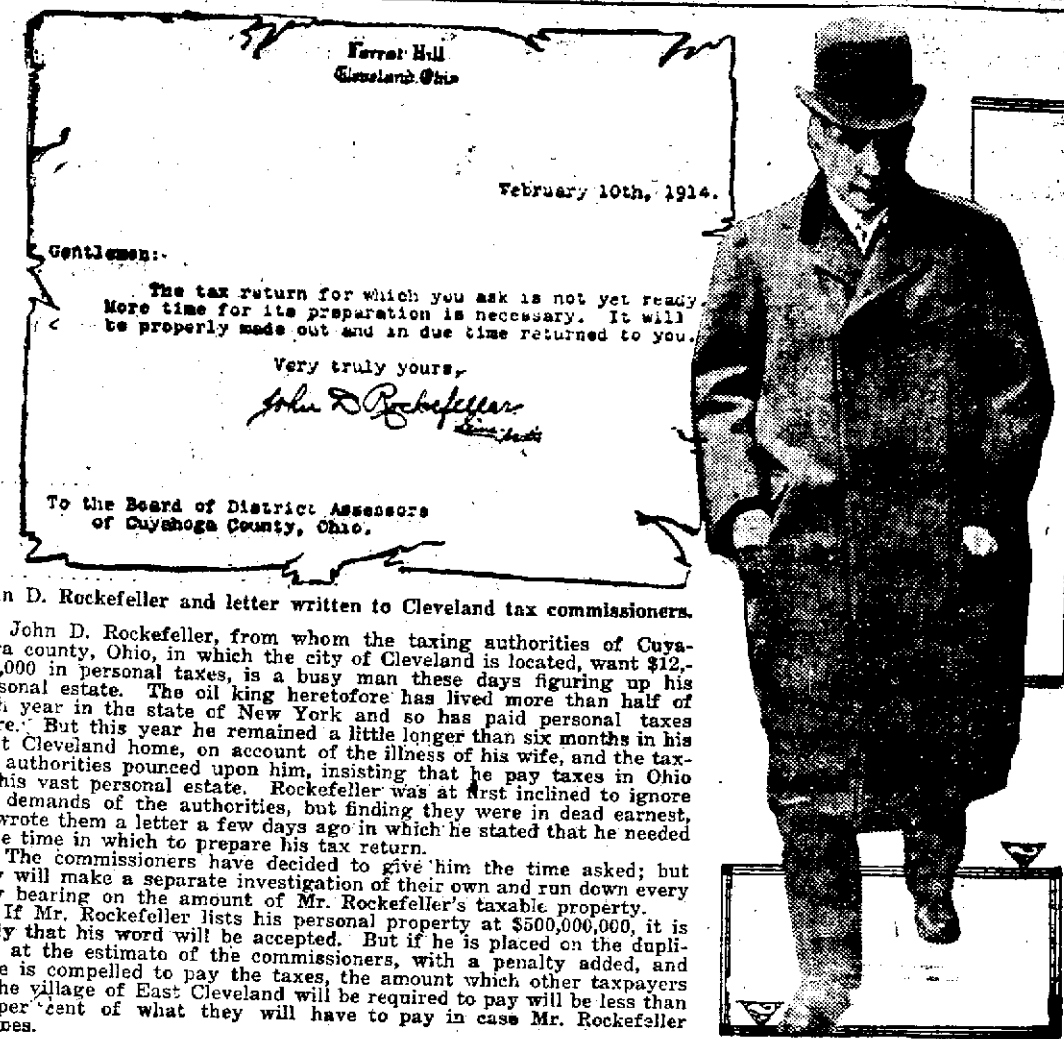

Why is it that the average man is always willing to spend \$6 worth of his time trying to get a 40-cent reduction in his gas bill?

JOHN D. IS FIGURING UP HIS PERSONAL ESTATE; BUT HE DOESN'T INTEND TO PAY \$12,690,000 TO OHIO IN TAXES

John D. Rockefeller and letter written to Cleveland tax commissioners.

John D. Rockefeller, from whom the taxing authorities of Cuyahoga county, Ohio, in which the city of Cleveland is located, want \$12,690,000 in personal taxes, is a busy man these days figuring up his personal estate. The oil king heretofore has lived more than half of each year in the state of New York and so has paid personal taxes there. But this year he remained a little longer than six months in his East Cleveland home, on account of the illness of his wife, and the taxing authorities pounced upon him, insisting that he pay taxes in Ohio on his vast personal estate. Rockefeller was at first inclined to ignore the demands of the authorities, but finding they were in dead earnest, he wrote them a letter a few days ago in which he stated that he needed more time in which to prepare his tax return.

The commissioners have decided to give him the time asked; but they will make a separate investigation of their own and run down every clem bearing on the amount of Mr. Rockefeller's taxable property.

If Mr. Rockefeller lists his personal property at \$500,000,000, it is likely that his word will be accepted. But if he is placed on the duplicate at the estimate of the commissioners, with a penalty added, and if he is compelled to pay the taxes, the amount which other taxpayers of the village of East Cleveland will be required to pay will be less than 20 per cent of what they will have to pay in case Mr. Rockefeller escapes.

Height of Meanness. "I never knew Jack could be so mean." "What's the trouble?" "He absolutely refuses to sell his 1911 model car and buy a 1912."

CHINESE WANT MISSIONS TO TAKE OVER SCHOOLS

In Ing-hok, a flourishing city of Fukien Province, China, the American Board has had a mission station since 1884. Rev. Edward H. Smith, the missionary there, reports that throughout the district the board is being urged to take over the direction of the public schools.

"Already one village has given me the deeds of the local endowed Buddhist monastery," writes Mr. Smith, "and the proceeds are to be used perpetually for the support of a Christian school. The school is already organized and thriving. Our monastery will be one of our problems for it is likely to be the forerunner of many other similar projects."

Down Fins. "Now, Willie," said the superintendent's little boy, addressing the blacksmith's little boy, who had to come over for a frolic, "we'll play 'Sabbath school.' You give me a nickel every Sunday for six months and then at Christmas I'll give you a 10-cent bag of candy."—Woman's Home Companion.

INITIAL PRODUCTION OF "THE HEIRESS" GREETED BY MANY

Six Hundred People Enjoyed Home
Talent Musical Comedy at My-
ers Theatre Last
Evening.

"The Heiress" a musical comedy in three acts, and produced by Janesville home talent players, under the auspices of the Janesville Musical Society, was given last evening at the Myers Theatre before an audience numbering about six hundred people.

The more prominent characters were taken by a company of seventeen well known Janesville young people. About 150 people took part in the play. As Lord Victor Carleton, Ray Mason played exceptionally well, as did Edwin Sartell, taking the role of Lord Thimble. E. J. Frank, M. Devere, as Albert Vandergelt, took the leading role with entire satisfaction.

Charles Hesseman, Arthur Welsh, Ray Worthington, Mrs. Charles Hesseman, Bertha Saxby, Isabel Kowalski, as the Countess, and Hazel Brennan all appeared to advantage in their parts.

The singing was a feature of the production. "The Heiress" was sung by Miss Adelaide Thiele, in the opening chorus was a success. Ray Mason and Bertha Saxby as singers and tango dancers, came in for an extra applause many times during the production.

The new popular song "High Links" was rendered by Miss Thiele, who took the part of Lady Vandergelt. She secured twice as much applause as the chorus. Mrs. Charles Hesseman sang two solos and clearly showed her high soprano voice. A chorus of perhaps twenty of the older set, sang the strains of several of the melodies during the evening.

"Sway, Sway, Sway," the latest thing in sheet music, was sung by Miss Thiele. Her rendition was well received. She demonstrated the sway when singing, and made a very favorable impression with the audience.

The Janesville Glads, danced by little Donald Hildebrand and Lucile Craft, dressed in evening dress, made the biggest hit of the evening. The two dancers rarely missed their steps, and were forced to execute the grand finale was rendered and the evening's production was over. The same play will be given tonight, and if the success is achieved, the company plan to give it in Beloit soon.

LA PRAIRIE

La Prairie, May 14.—Mrs. E. Rice and daughter, Lucy, came to Janesville on Saturday morning. Mrs. Rice is visiting at the home of Mr. and Mrs. Fred Hale.

Miss Verna Heinz of Chicago is visiting at the Arthur Fern home.

Mr. and Mrs. Bert Sherman visited with Mr. and Mrs. Leslie Bradt Sunday.

The apron sale given by the L. M. R. S. at the hall Wednesday afternoon was well attended. Miss Myrtle Kohn held the lucky number 59, which drew the quilt, a short program was given and picnic supper enjoyed by all present.

Leslie Bradt is the owner of a new touring car.

EAST CENTER

East Center, May 13.—There was no serious damage from the storm of last Monday.

J. H. Fisher and wife attended a banquet at the Christian Church in Janesville one evening last week.

Mrs. Maudie Treadwell and children spent last Saturday at the home of Ed Crall.

Jay Roberts attended a May party in Janesville, Monday evening given by the daughters of Leabell.

H. H. Howe and family spent Sunday afternoon at C. E. Fishers.

Mrs. E. E. Fisher served for Mrs. S. L. Crall Tuesday.

Matthew Roberts and Harry Cator of Edgerton spent Sunday with Mr. and Mrs. J. S. Roberts.

Fred Demrow has a very sick horse. A horse doctor was called to attend it.

MILTON JUNCTION

Milton Junction, May 14.—Willis Cole stopped here yesterday on his way to Indianapolis.

Dr. and Mrs. Woodcock of Janesville recently visited at Frank H. Morris.

The High School societies held meetings this afternoon. Each society gave a very interesting program.

Miss Laura Stone entertained the R. C. Club at her home last night. A light luncheon was served.

Mrs. F. R. Morris and daughter, Kittie, were Janesville shoppers yesterday.

The Ladies Aid Society of the M. E. Church will meet Friday afternoon with Mrs. Chas. Woodward.

Rev. Thos. Sharpe went to Chicago where he will take treatment at Westley Hospital.

Mrs. Hugh Whitford of Janesville was in town Tuesday.

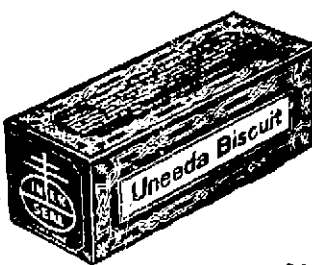

Stanley Horwood will represent Janesville High School at White-water in Oratorical Event.

The district oratorical and declamatory events will be held at Whitewater on Saturday evening of this week.

From the Janesville high school, Stanley Horwood will be entered in the oratorical contest, when elimination from the state contest will take place. The winner Saturday evening in each event will be represented later in the state contests.

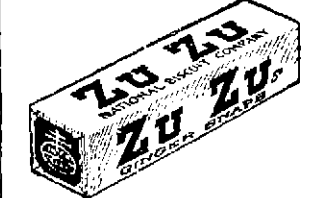

By winning in the league contest held in this city May 14th, Miss Josephine Reed of the Beloit high school will enter at Whitewater in the declamatory event.

Local students predict Horwood to win, and perhaps easily. He has a wonderful voice and his oration is one of the greatest addresses ever written. "Patrick Henry's Speech" is the name of it, and after spending much time on the delivery of the speech, Mr. Horwood is confident of capturing the right to be sent as a speaker in the state event. Several from here plan to make the trip to Whitewater tomorrow night.

MEANS A REDUCTION IN TOBACCO ACREAGE

Effects of Monday's Storm Will Fall
Heavy on Tobacco Interests
of This Section.

The prospects for increasing the acreage of the 1914 tobacco crop are again handicapped by a disastrous tornado which swept across the southern part of Dane county Monday morning, through the very heart of the large tobacco growing sections of the state, demolishing curing sheds that will be hard to replace the present season, says the Edgerton Reporter. Probably not less than 300 or 400 sheds have been razed, broken and reduced to kindling, involving a loss running close up to half a million dollars. Aside from the pecuniary loss, the growers have sustained, they can neither secure the help nor devote the time to repairing all the damage before a new crop can be raised. Some intended acreage must be reduced.

A week of cold rains has delayed the growth of the young plants already started in the beds, but it has given them a chance to get a stronger root, and with warmer days promise to come along in due season.

Some work is yet to be done at the warehouses for a few weeks before the close of the packing season.

Continual picking away at the unsold remnants of last season's crop

has reduced the amount held in first hands to a very small percentage, only scattering lots remaining.

There is but little doing anywhere along the line in old leaf. We learn of the sale of 900s of 12 by Halverson & Bitters, Stoughton packers.

The shipments out of storage do not exceed 2000s from this market to all points since last report.

FORTY YEARS AGO

Janesville Daily Gazette, May 15, 1874. Prof. A. D. Jones and the orchestra of the state asylum for the blind left this afternoon for Elkhorn, to give a concert this evening.

The performance is for the benefit of the orchestra and in that regard will benefit the asylum. Wherever the orchestra appears the public cannot fail to appreciate the management of the institution.

Three whose names we did not try to obtain, in the mold shop of the Harris works, indulged in a bout of fistfists this morning, but no harm was done. One of the combatants labored under a misunderstanding placed his head very rapidly among some castings but removed it shortly after, and the castings lay sustained no perceptible damage. There is no likelihood of ulterior proceedings.

The Flower City band will give their last social for the season on Monday evening next, on which occasion the concert will consist of the Day State grand march, Andante and waltz Die Verbranten and a Tarentelle from Lavinia di Lamermoor. The concert will all the hours from eight to nine, after which there will be dancing, and the band, anxious to avoid invidious distinction, kindly invite the attendance of the public.

The action to recover damages from the town of Westport for an impassible highway in Dane county terminated in the verdict for the defendant. Messrs. Miller and company of Beloit have sued a farmer named Christman for non-fulfillment of a contract to deliver a quantity of wheat at seventy-five cents in consequence of which failure the plaintiffs claim they have been compelled to purchase wheat at a dollar and forty cents per bushel. The case will probably be finished this evening.

Major Randall is distinguishing himself among the Apache Mohaves in Arizona as will be seen by reference to the stories of the fighting. Every old resident of the city knows enough of Major to be interested in his movements.

SPECIAL SERVICES AT MILTON S. D. B. CHURCH

[SPECIAL TO THE GAZETTE.] Milton, May 15.—The basement rooms of the S. D. B. church building will be consecrated to the service of God and the good of the community at the regular Sabbath morning hour of worship, 11 a. m., May 16. The new present nearly as much floor space as the rooms above. They will be valuable for the use of Sabbath school and for the social activities of the church. A new heating system has also been installed. There will be genuine thanksgiving in all hearts as these improvements are seen, ready for usefulness.

On Wednesday night, May 20, the rooms will be opened for a social evening. Everyone is cordially invited.

Plan to attend the high school commencement, Sunday, May 24, baccalaureate sermon: Tuesday, May 26, high school play, Thursday, May 28, alumni banquet.

The alumni banquet will be held in the college gym Saturday night, May 30. Don't forget the date. If the Postmaster Cunningham of Janesville called on Postmaster Holmes, Thursday.

Supt. Thurber of the Milwaukee road was in town yesterday in consultation with the village board as to the location of the new depot. The matter was not decided but will be in a few days and then work will begin. We are promised a building that will be a credit to the village. If the wishes of a majority of our citizens be heeded the depot will be erected on the north side of the main line.

Teacher of Botany in Girls' School, "Now for a little review. What can you tell me, Miss Smith, of the longevity of bacteria?" Miss Smith—"I don't remember exactly, but I think they are longer than they are wide."

Narrow Escape.

A domestic servant at Market Drayton had a narrow escape during a recent thunderstorm. The girl had retired to bed leaving the window open and an alarm clock on a chair near the bedside. She was awakened by the smell of burning clothing, and found that the lightning had pierced a hole through the clock and ignited the chair-seating. The clothes of the bed in which she was sleeping were also smoldering.

ORFORDVILLE

Orfordville, May 14.—Preparation for the spelling contest that is to take place at the state fair has already commenced. On Thursday evening of last week representatives from the various school districts in the town of Plymouth met at Hanover for the preliminary contest. Ella Roen secured first place and Genevieve Hagedorn second. These pupils are both from District Number 3, and will represent the town of Plymouth in the county contest that is to be held in the city of Janesville some time during the month of June. Miss Hazel Taylor is the teacher in No. 3, and has reason to feel proud of the success of her pupils.

On Sunday evening the local Epworth League will conduct a "Silver Jubilee" program. Elaborate preparations are being made and the entire evening will be devoted to the service. The program will consist of vocal music especially prepared and arranged for the occasion, together with readings, recitations and addresses. The services will be led by Ethel Compton.

Dr. W. Nuzum of Janesville was in Orfordville for a short time on Wednesday evening on professional business.

Little Dorothea Reader is suffering from an attack that seems to puzzle her parents, as well as the medical fraternity. A few days ago she complained that she had hurt her back, but little was thought of it at the time, but a day or two later she showed an inclination to be losing the use of her legs, and for the past few days she has been entirely helpless. Dr. Nuzum was called in consultation on the case on Wednesday evening.

Next Sunday, May 17, the Luther Valley church will hold their annual confirmation service. They will also celebrate the 100th anniversary of Norwegian independence, the date of which event being the 17th inst. At that time contributions will be solicited and received for "Mindgrave," a fund which Norwegian-Americans are raising for the purpose of assisting indigent families in their Fatherland.

Mr. and Mrs. John Reeder of Palmyra are spending the week with the family of their son Ed.

John Gardner of Brodhead was in the village for a short time on Thursday and transacted business in Justice Taylor's court.

M. K. Hamblett motored to Janesville with his family on Wednesday afternoon, after completing his run on the route.

The Woman's Study Club held their regular meeting on Thursday afternoon at the home of Mrs. H. C. Taylor. There was a good attendance and an interesting time was reported.

Master Stanley Ashby came out from Janesville on Wednesday evening and spent Thursday with friends in the village and thereabout.

Read And Profit By Your Reading

Don't read this little sketch unless you have an auto for sale, or want to buy one. As our population today may be divided into two classes; the ones who own, and the ones who contemplate buying, we think it might be safe to let you in on this.

We know a man, right here in our town who but yesterday bought an Auto, a second hand one, for less than three hundred dollars. No, he isn't on our family tree—we wish he were; neither is the Auto a fit object for the scrap heap. The man who sold it is in need of larger car; while the buyer is satisfied that the car he purchased is just what he needed.

A want ad in their home paper made this transaction possible. We don't aim to be too pertinent, but do you ever read the want ad page? What has it ever done for you? Do you use it?

Freak Potato.
A freak potato was dug up lately in a Belfast garden. The potato, in the course of its growth had forced its way right through the center of a beef shank bone. It had grown to an enormous size too, and was firmly attached to the bone, bulging out both above and below it.

Don't Hide Them With A Veil! Remove Them With The Othine Prescription.

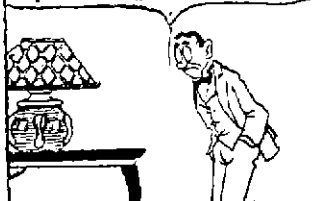

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Badger Drug Co. under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Dealing With Those Who Complain of Christians

By REV. HOWARD W. POPE
Superintendent of Men
Meely Bible Institute, Chicago

TEXT—"Judge not, that ye be not judged." Matthew 7:1

In dealing with those who complain of the hypocrites in the church it is well to open your Bible to Matthew 7:1, and ask them to read it. Also show them Romans 14:12: "So then every one of us shall give account of himself to God." Then ask the objector, "Who has appointed you judge over your fellow men? Has the Lord appointed you?"

"No."

"Have your fellow men selected you for this important position?"

"Of course not."

"You don't mean to say that you have appointed yourself judge, do you? A self-appointed judge! Who ever heard of such a thing?"

Then ask him to read Romans 2:1: "Wherefore thou art without excuse, O man, who ever thou art that judgest, for wherein thou judgest another, thou condemnest thyself; for thou that judgest dost practise the same things."

Ask him if it ever occurred to him that he was a hypocrite himself, and when he answers in the negative, say to him:

"Well, let us see. You condemn the hypocrites because they pretend to be what they are not?"

"I do."

"But when you claim that the reason why you are not a Christian is because of the hypocrites in the church, you are pretending, what is not true. The real reason why you do not become a Christian is because you want your own way, and are not willing to obey God. And when you say it is because of the hypocrites, you are saying what is not true, and you know it."

Show him John 21:21, 22. "Peter saith to Jesus, Lord, and what shall this man do? Jesus saith unto him, If I will that he tarry till I come, what is that to thee? Follow thou me." Say to him:

"Admitting that there are hypocrites in the church, what is that to you? If every man in the church was a hypocrite that would not excuse you from the duty of repentance."

"If there was a call for volunteers to defend this country would you stay out of the army because some bad men would probably enlist?"

"I suppose not."

"Possibly you are a Mason or an Odd Fellow. Are there any black sheep in your lodge?"

"I must confess that there are a few."

"And yet you joined the lodge, knowing this fact, and you urge others to do the same?"

"That is true."

"Why then do you offer such a silly excuse when the subject of religion arises? If you do not wish to be a Christian, say so in a manly way, but do not try to hide yourself behind the faults of others. The only safe hiding place for a sinner is the cross of Christ, and you will realize it some day."

A man once said to his pastor that the reason why he did not accept Christ was because he once had a partner who was a professing Christian, who wronged him in business.

"That is your real reason, is it?" asked the minister.

"It is," replied the man.

"Suppose we put it down in writing," said the minister, and drawing out his notebook, he wrote: "The reason why I am not a Christian is that my partner, who claimed to be a Christian, wronged me in a business deal."

Tearing out the leaf, he folded it and handed it to the man, saying, "When you come before the Great White Throne and God asks you why you have rejected his Son, just hand him that paper," and turning away, he left him. Hardly had he reached home, when his door-bell rang, and there stood the man, with the paper in his hand.

"Well," said the minister, "what can I do for you?"

"I have brought this paper back. I am afraid it would not answer as an excuse to give to God."

"You think God would not accept it?"

"I am afraid not."

"We may as well tear it up then," and suiting the action to the word, the minister tore it into fragments and threw them away.

"Now have you any other excuse which is better?"

"I do not think of any."

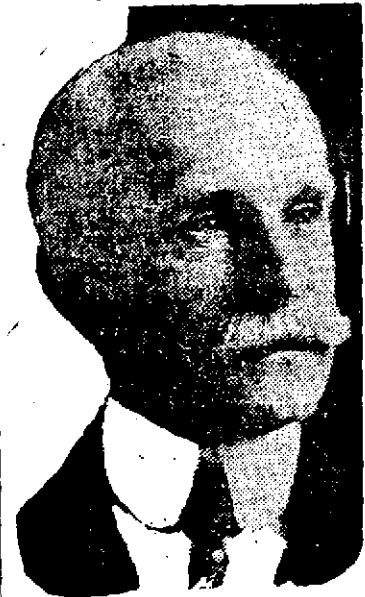

"If you haven't any good reason for not becoming a Christian, had you not better give your heart to God now?"

"Yes, sir, and I will."

Contrariwise.

"So the Democratic party will not massage its record with legislative kelsonine?" "No—there's the rub."

VEIL SHAPED TO THE FACE

The Lower Part is Cupped So as to Conform to the Wearer's Chin.

Some man, overbubbling with the milk of human kindness has probably observed the agonizing solicitude of the members of the fair sex in their endeavors to maintain their veil in just exactly the position it should occupy under her chin. In order that it shall conform to the shape of the face she draws the lower part of the veil up into a knot, sometimes with a hairpin, and her concern as to the position and condition of the knot is painful to behold. This important consideration occupies her entire attention, but she has

been relieved of this terrible responsibility by the man referred to above who has spent many sleepless nights in working out a scheme by which he could make a veil that conforms perfectly to her face. The upper part is sufficiently large as to encompass her hat, with the lower portion is cupped so that it naturally falls under her chin without the resorting to the use of the hairpin or other device for effecting the gathering at this point.

ETCHED WITH AIR

An Innovation Recently Introduced Into the Manufacture of Cuts.

A great improvement is said to have been recently made in the process of making cuts for newspaper and magazine illustrations by the introduction of a current of compressed air into the etching bath. These cuts are made by subjecting them to an acid bath, which eats away the metal in some places and allows it to remain in others, thus forming the picture to be reproduced, but it is the control of this action which makes a cut made by one man better or worse than that made by another. Men who

are skilled in the manipulation of the cut in the acid bath soon get a reputation for their work and command large wages. This stream of compressed air is applied to such portions of the metal as desired by forcing it through a hood which is partially submerged under the acid. The force of the air keeps the solution in motion, and at the same time it carries off the particles of metal which ordinarily settle on the work and interfere with the etching action of the acid.

Nothing Makes Cake So Good As

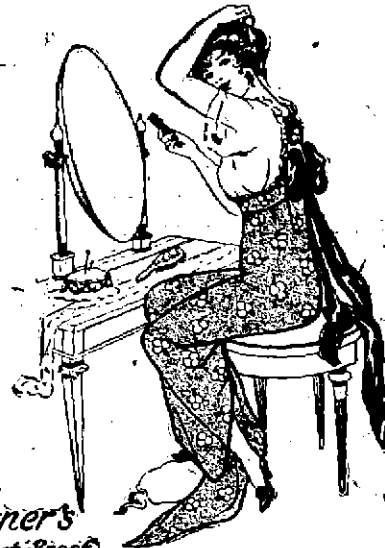

SnowMellow

You will be only too glad to bake cake at home, once you realize how much more delicious it is than any cake you ever bought. Beat up a tablespoonful of SnowMellow to make a filling for a big two-layer cake, or one and one-half spoonfuls, if you want a three-layer cake, as shown above. Let the layers cool, then spread them thick with SnowMellow. Set aside a few moments to stiffen. Then build up the layers and spread icing around top and sides. This is one of 28 recipes, shown in booklet furnished by your grocer, with our special printer—both free—with every 25c box of SnowMellow. Every box makes desserts for seven meals, for four to six people. Buy SnowMellow and try it today. If your grocer hasn't it in stock, and you'll send us his name and 25c, we will mail SnowMellow with recipe book and beater, FREE. Frank & Hauen, Sales Agts., 623 So. Wabash Ave., Chicago.
